Carel Mulder, D.Phil.
Professor of Pharmacology
Molecular Genetics & Microbiology
University of Massachusetts Med. Schl.
55 Lake Avenue North
Worcester, Massachusetts 01605

Dear Dr. Mulder:

I am sorry for the delay in handling your request. Enclosed is an agreement form to sign for receipt of the HTLV-III producing cell line. Until the control line is further characterized it is not being given out. Please sign and return the form. We are unable to ship the cells due to FDA restrictions, so please arrange for a member of your laboratory to come and pick them up. Let us know a time convenient for you.

Sincerely yours,

Ann H. Sliiski, D.Sc.
